

CAPE AGULHAS MUNICIPALITY

PHASE 3 - WATER RESTRICTIONS

Notice is hereby given that in terms of Water By-Laws of 3 October 2005, Section 46, the Municipal Manager imposes the following water restrictions in Cape Agulhas Municipal Area from **9 February 2018 until further notice** due to low rainfall and limited water sources. The current dam levels, supplying water to Cape Agulhas Municipality are nearing the 30% level.

The following water restrictions are imposed:

The new water restrictions are 20kl per household and 50kl per business per month. Any household or business exceeding the restriction will be liable to pay the approved higher tariffs applicable to their usage.

Consumers are requested to manage their water usage within the restrictions.

Please note:

House owners and tenants are advised to read water meters daily to identify leakages speedily and to manage water usage effectively.

For enquiries or if assistance is needed, please contact your local municipal offices.

Water is a shared resource. Don't use more than your share.

Save water.
